Unlock the future of Fire & Safety

www.fireandsafetyasia.com

Fire & Safety is a major concern for every individual and organization. With the increase of trade globally and emphasis on safety, the compliance with the international standards has become inevitable. The government is taking effective measures which has increased the demand for latest technology, equipment and improved services.

IMPORTS OF MAJOR PRODUCTS (IN US$)

Fire Fighting	16 Million
Emergency & Rescue	13 Million
Industrial Safety	119 Million
Safety & Security	1.4 Billion

OBJECTIVES

- To provide a platform for the industry to interact & network.
- To showcase but not limited to: innovative fire prevention & protection, firefighting equipment, emergency alarm & warning systems, rescue products & services.
- To bring the national & international industry under one roof that will create new business opportunities for the domestic market.
- To open doors for new technologies.
- To promote & support innovative products & services.

Fire & Safety Asia International trade exhibition is scheduled at Karachi Expo Centre, Pakistan and expected to serve as a groundbreaking platform for all national/international stake holders of the industry. This trade show is dedicated to showcase but not limited to: innovative fire prevention & protection, firefighting equipment, emergency alarm & warning systems, rescue products & services and highlight the issues of the industry which requires immediate attention by the concern authorities.

The event shall host Professional end user attendance represents decision-makers from the industry and is expected to host over 350 exhibitors feature technology and services including hardware, software, network, delivery and content from around the globe.

Fire & Safety Asia is owned and managed by Ecommerce Gateway Pakistan (Pvt.) Ltd (www.ecgateway.net), a full member of UFI “The Global Association of Exhibition Industry” (Paris – France; www.ufi.org).
